MEMORANDUM FOR THE RECORD

Morning Meeting of 8 April 1969

DD/I announced that the intelligence memorandum on the situation in Laos will be ready during the course of the day and that latest figures on the number of Soviet ICBMs have been prepared for the Director's reference at his luncheon meeting today.

Godfrey discussed the exchanges of fire in the Eilat/Aqaba area and along the Suez Canal.

*After referring to a magazine article, the Director stated that he would like the history of Project OXCART to be compiled including timing, locations, significant problems, and other relevant details. He indicated that significant portions of the history might be published in a classified article in Studies in Intelligence, provided security is no barrier. He asked the DD/S&T and D/ONE, in his capacity as Chairman of the Editorial Board of Studies in Intelligence, to concert on arrangements concerning who will work on the history and other details involving assistance.
